INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
California State University,
Dominguez Hills Foundation (the Foundation)
Carson, California

Report on the Financial Statements

We have audited the accompanying financial statements of California State University, Dominguez Hills Foundation (the Foundation) as of and for the year ended June 30, 2014, and the related notes to the financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITORS' REPORT - Continued

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of California State University, Dominguez Hills Foundation as of June 30, 2014, and the respective changes in financial position, and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis information on pages 4 through 8 and schedule of postemployment healthcare benefits funding progress be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The GASB Schedule of Net Position, GASB Schedule of Revenues, Expenses and Changes in Net Position, and Other Information are presented for purposes of additional analysis and are not a required part of the basic financial statements. GASB Schedule of Net Position, GASB Schedule of Revenues, Expenses and Changes in Net Position, and Other Information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the GASB Schedule of Net Position, GASB Schedule of Revenues, Expenses and Changes in Net Position, and Other Information are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

INDEPENDENT AUDITORS' REPORT - Continued

Other Information

We have audited the financial statements of the Foundation, as of and for the year ended June 30, 2014, and have issued our report thereon dated September 16, 2014, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying schedule of expenditures of federal awards and schedule of subrecipients are presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and the schedule of subrecipients are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 16, 2014, on our consideration of California State University, Dominguez Hills Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering California State University, Dominguez Hills Foundation's internal control over financial reporting and compliance.

**CALIFORNIA STATE UNIVERSITY, DOMINGUEZ HILLS FOUNDATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2014**

This section of California State University, Dominguez Hills Foundation (Foundation) annual financial report presents our discussion and analysis of the financial performance of the Foundation for the fiscal year ended June 30, 2014. This discussion has been prepared by management and should be read in conjunction with the financial statements and notes.

Introduction to the Financial Statements

This annual report consists of a series of financial statements prepared in accordance with the Governmental Accounting Standards Board (GASB) Statements No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*, No. 37, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus*, and No. 38, *Certain Financial Statement Note Disclosures*. For reporting purposes, the University is considered a special-purpose government engaged only in business-type activities, which best represent the activities of the Foundation.

The financial statements include the statement of net position; the statement of revenues, expenses, and changes in net position; and the statement of cash flows. These statements are supported by the notes to the financial statements and this section. All sections must be considered together to obtain a complete understanding of the financial picture of the Foundation.

Statement of Net Position – The statement of net position includes all assets and liabilities. Assets and liabilities are reported at their book value, on an accrual basis, as of the statement date. It also identifies major categories of restrictions on the net position of the Foundation.

Statement of Revenues, Expenses, and Changes in Net Position – The statement of revenues, expenses, and changes in net position presents the revenues earned and expenses incurred during the year on an accrual basis.

Statement of Cash Flows – The statement of cash flows presents the inflows and outflows of cash for the year and is summarized by operating, noncapital financing, capital and related financing, and investing activities. The statement is prepared using the direct method of cash flows and, therefore, presents gross rather than net amounts for the year's activities.

Reporting Entity – The Foundation is a nonprofit auxiliary organization of California State University, Dominguez Hills (the University). The Foundation sponsors various campus activities that complement the instructional programs of the University campus.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2014**

Analytical Overview

Summary

The Foundation's operations for the fiscal year ended June 30, 2014 increased as shown by an increase in net position of approximately \$1,055,178. This was primarily due to an increase in auxiliary enterprise activities, as well as non-capital gifts and additions to permanent endowments received during the year.

The Foundation is a member of the Auxiliaries Voluntary Employees' Beneficiary Association (VEBA) trust and during the past fiscal year was able to make an initial deposit toward funding the Foundation's postemployment benefits liability in the prior fiscal year.

The following discussion highlights management's understanding of the key financial aspects of the Foundation's financial activities. Included are significant differences between current and prior year activities and factors impacting future reporting periods.

Comparative Analysis of Current and Prior Year Activities and Balances

The Foundation's summary of net position as of June 30, 2014 and 2013 are as follows:

	2014	2013	Change

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2014**

Comparative Analysis of Current and Prior Year Activities and Balances - Continued

The Foundation's current assets and net capital assets balances at June 30, 2014 decreased to the prior year end balances while restricted and other assets increased by \$2,290,061. The increase in restricted and other assets was due to increases in the endowment and long term investment portfolios. Deposits were made to the endowment portfolio as a result of the collection on an amount pledged in a prior year. Additionally, both the endowment and long term investment portfolios performed well during the fiscal year.

Current liabilities decreased while noncurrent liabilities and other liabilities increased as of June 30, 2014. The decrease in current liabilities was due to a decrease in accrued salaries and benefits payable and accrued compensated absences, while the other liabilities increased as a result of recognizing the depository accounts held for the Dominguez Hills Corporation, the Associated Students, Inc., and the Loker Student Union. Noncurrent liabilities continue to increase as the result of implementing GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions* and accruing postemployment benefits. The accrual for postemployment benefits for fiscal year 2014 was approximately \$457,440.

Restricted Resources

Net position of the Foundation includes funds that have legal restrictions placed on their use. Funds may be expendable for a specific purpose or they may be nonexpendable. Of the Foundation's net position of \$19,729,625 at June 30, 2014, \$7,419,359 is restricted. Of this amount \$5,772,945 is restricted for nonexpendable endowments, and \$1,646,414 is restricted for expendable scholarships and fellowships. Net position of \$11,944,354 is unrestricted but is designated for specific purposes and \$365,912 is the net investment in capital assets.

Operating revenue from grants and contracts decreased \$137,231, while sales and services of educational activities, sales and services of auxiliary enterprises, and other operating revenues increased \$62,044, \$95,235, and \$248,742 respectively. Grants and contracts activity continues to be a focus of effort of the University and the Foundation. The increase in operating revenue from auxiliary enterprises was due to an overall increase in campus dining revenue particularly in catering, as well as improved sales in the University Bookstore. The increase in nonoperating revenues was due to various non-cash accounting adjustments.

Investment income of \$2,334,001 represented an increase of \$436,229 from the prior year. Long term investment income, net of fees was \$978,023 while endowment income, net of fees was \$1,320,648. Investment income, net of fees consists of a change in the fair market value of the investments including interest, dividends, realized and unrealized gains and losses.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2014**

Capital Assets and Debt Administration

The Foundation had \$1,791,140 invested in capital assets, net of accumulated depreciation of \$1,214,767.

The Foundation has \$210,461 in outstanding debt (\$201,023 long term). This debt was incurred in 1999 to purchase the home that is leased to the University for the use by the University President. Normal payments were made against the loan including \$9,011 in principal.

Factors Impacting Future Periods

GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions

The Foundation implemented GASB Statement No. 45 in fiscal year 2008 resulting in increases in expenses and long term liabilities. The Foundation is a member of the multi-employer Auxiliaries Voluntary Employees' Beneficiary Association (VEBA) trust and during the 2012-13 fiscal year was able to make an initial deposit toward funding the liability. The Foundation continues to work toward funding the liability and has changed postemployment health benefit eligibility requirements for new employees and will continue to evaluate postemployment benefits offered.

Grants and Contracts

Grants and contracts activity for the next fiscal year is projected to increase slightly. The University's new Dean of Graduate Studies and Research is leading the University's efforts to garner additional grants and contracts research at the institution.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014**

1. ORGANIZATION

Nature of Organization

The California State University Dominguez Hills Foundation (the Foundation) is a nonprofit California public benefit corporation which is an auxiliary organization of California State University, Dominguez Hills (the University). A wholly owned subsidiary, Dominguez Hills Corporation (the Corporation) is a California for-profit corporation which administers certain research and educational grants and contracts. Together, these entities (collectively referred to as the Foundation) assist the University in various activities including developing and administering research and educational grants and contracts; conducting the bookstore, food service, and vending machine operations on the campus, accumulating and managing endowment and student scholarship funds and administering various educationally related functions, special programs, and other activities. The Corporation is included in the reporting entity of the Foundation, and accordingly, its operations are blended with the operations of the Foundation in the accompanying basic financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying basic financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Basis of Accounting

The Foundation records revenue in part from assisting the University in various activities including developing and administering research and educational grants and contracts, conducting the bookstore, food service, and vending machine operations on the campus; accumulating and managing endowment and student scholarship funds, and administering various educationally related functions, special programs, and other activities and; accordingly, has chosen to present its basic financial statements using the reporting model for special-purpose governments engaged only in business-type activities. This model allows all financial information for the Foundation to be reported in a single column in each of the basic financial statements. The effect of any internal activity between funds or groups of funds has been eliminated from these basic financial statements.

Classification of Current and Noncurrent Assets and Liabilities

The Foundation considers assets to be current that can reasonably be expected, as part of its normal business operations, to be converted to cash and be available for liquidation of current liabilities within 12 months of the statement of net position date. Liabilities that reasonably can be expected, as part of normal Foundation business operations, to be liquidated within 12 months of the statement of net position date are considered to be current. All other assets and liabilities are considered to be noncurrent.

CALIFORNIA STATE UNIVERSITY, DOMINGUEZ HILLS FOUNDATION
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Federal Grants and Contracts

The Foundation serves as administrator for various grants and contracts awarded by governmental and private institutions. Amounts administered by the Foundation are recorded as revenue and expense in the accompanying basic financial statements.

Cash and Cash Equivalents

The Foundation considers all highly liquid investments with an original maturity date of three months or less to be cash equivalents.

Investments

Investments are reflected at fair value using quoted market prices. Gains and losses are included in the statement of revenues, expenses, and changes in net position as investment income.

Other Assets

Other assets include inventories that are stated at the lower of cost or market determined on a first-in, first-out basis, and prepaid expenditures.

Capital Assets

Capital assets are stated at cost or estimated historical cost if purchased or, at estimated fair value at date of donation if donated. Capital assets with a value of less than \$5,000 are not capitalized. The Foundation is required to capitalize infrastructure assets that have been acquired, or that have received major improvements, in fiscal years ending after June 30, 1980. Title to all assets, whether purchased, constructed, or donated, is held by the Foundation. Depreciation is determined using the straight-line method over the estimated lives of the assets ranging from three to ten years. Leasehold improvements are amortized using the straight-line method over the shorter of their estimated useful lives or the term of the lease. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are not capitalized.

Compensated Absences

Foundation employees accrue annual leave at rates based on length of service and job classification.

Unearned Revenue

Unearned revenue consists primarily of unearned revenue related to federal grants and contracts and any commissions paid in advance for Commercial Operations.

Other Liabilities

Other liabilities included sales tax, nonresident alien tax withholding, and miscellaneous payroll withholdings.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Net Position

The Foundation's net position is classified into the following categories:

Invested in capital assets, net of related debt: Capital assets, net of accumulated depreciation, amortization, and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.

Restricted - nonexpendable: Net position subject to externally imposed conditions that the Foundation retains them in perpetuity. When both restricted and unrestricted resources are available for use, it is the Foundation's policy to use restricted resources first, then unrestricted resources as they are needed.

Restricted - expendable: Net position subject to externally imposed conditions that can be fulfilled by the actions of the Foundation or by the passage of time.

Unrestricted: All other categories of net position. In addition, unrestricted net position may be designated for use by management of the Foundation.

Classification of Revenues and Expenses

The Foundation considers operating revenues and expenses in the statement of revenues, expenses and changes in net position to be those revenues and expenses that result from exchange transactions or from other activities that are connected directly to the Foundation's primary functions. Exchange transactions include charges for services rendered and the acquisition of goods and services. Certain other transactions are reported as nonoperating revenues and expenses in accordance with GASB Statement No. 33. These nonoperating activities include the Foundation's net investment income, gifts, and interest expense.

Income Taxes

The Foundation is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and California income taxes under section 23701(d) of the California Revenue and Taxation Code. The IRS classified the organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in section(s) 509(a)(1) and 170(b)(1)(A)(vi). The Foundation has evaluated its tax positions and the certainty as to whether those tax positions will be sustained in the event of an audit by taxing authorities at the federal and state levels. The primary tax positions evaluated are related to the Foundation's continued qualification as a tax-exempt organization and whether there is unrelated business income activities conducted that would be taxable. Management has determined that all income tax positions will more likely than not be sustained upon potential audit or examination; therefore, no disclosures of uncertain income tax positions are required. The Foundation's Forms 990, *Return of Organization Exempt from Income Tax*, for the years ending 2012, 2011, 2010, are subject to examination by the IRS, generally for 3 years after they were filed.

Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues, and expenses in the accompanying basic financial statements. Actual results could differ from those estimates.

8. OPERATING LEASE

The Foundation entered into a sublease with the Donald P. & Katherine B. Loker University Student Union (Union) on November 1, 2006 extended to June 30, 2017 for rental of the food service area located in the Union building. Payments of rental fees are made by the Foundation on a quarterly basis. Total rental fees paid for the year ended June 30, 2014 amounted to \$27,070.

9. ENDOWMENT

The Foundation has a policy of distributing the average annual appreciation (realized and unrealized) in the value of the endowment fund as measured over a three-year rolling average period, net of all fees and other distributions. For the year ended June 30, 2014, the net amount of appreciation available for authorization for expenditure was \$1,320,648 and was reported in unrestricted net assets.

10. PENSION PLANS

The Foundation maintains a pension plan for all eligible employees with Teachers Insurance and Annuity Association College Retirement Equities Fund (TIAA CREF).

(a) *Plan Description* - TIAA CREF is an agent which provides variable individual and group annuities for retirement and tax -deferred savings plans at nonprofit or publicly supported colleges, universities, and other educational and research organizations. The TIAA CREF pension plan is a defined contribution plan. The contributions are invested and then disbursed at the time of the employees' retirement in the form of lifetime income or other payment options.

(b) *Funding Policy* – As of June 30, 2014, participants were not required to contribute any of their annual covered salary. From February 1, 2001 through June 30, 2014 the Foundation contributed 10% of the employees' annual covered payroll. The contribution rates to TIAA CREF are established by the Foundation's Board of Directors. The Board of Directors approved a change in the funding policy, effective for all employees hired after July 1, 2014. Employees hired prior to this date will be subject to the grandfathered funding policy, while new employees will receive a 4% employer contribution with a 2% required employee match or an 8% employer contribution with a 5% required employee match.

(c) *Annual Pension Cost* - For the year ended June 30, 2014 the Foundation's annual TIAA CREF pension cost totaled \$198,057.

11. POSTEMPLOYMENT HEALTHCARE BENEFITS

The Foundation provides lifetime postretirement medical coverage to employees who satisfy certain eligibility requirements. Retirees receive the same monthly allowance toward the cost of coverage as active employees.

In accordance with GASB Statement No. 45 *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, the Foundation has recorded the cost and obligation of these benefits in the basic financial statements.

Annual OPEB Cost and Net OPEB Obligation

The Foundation's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Foundation's annual OPEB cost for the year, the amount actually contributed, and changes in the OPEB obligation:

	2014
Annual required contribution	\$ 542,668
Interest on net OPEB obligation	113,415
Adjustment to annual required contribution	<u>(125,591)</u>
Annual OPEB cost (expense)	530,492
Retiree premium cost	(73,052)
Contributions made	<u>-</u>
Change in net OPEB obligation	457,440
Net OPEB obligation – beginning of year	<u>2,475,336</u>
Net OPEB obligation – end of year	<u>\$2,932,776</u>

The Foundation's annual OPEB cost for the year, the percentage of annual OPEB cost contributed, and the net OPEB obligation was as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/12	\$ 454,896	11.4%	\$ 2,091,596

Funding Status and Funding Progress

Beginning in fiscal year ending June 2011, the Foundation participated in the Auxiliaries Multiple Employer VEBA (Voluntary Employees' Beneficiary Association) and contributed \$45,000 in fiscal year ending June 2013. The Auxiliaries Multiple Employer VEBA is a separate 501 (c)(9) organization established in August 2010 to assist in funding post-retirement healthcare benefits for recognized auxiliaries of the California State University System. The plan does not issue separate financial statements.

As of July 1, 2011, the most recent actuarial valuation date, the actuarial accrued liability for benefits as well as the unfunded actuarial accrued liability (UAAL) was \$3,391,687. This estimated liability is updated with an actuarial study every three years.

Actuarial valuations of an ongoing benefit plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of postemployment healthcare benefits funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets, if any, is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, if any, consistent with the long-term perspective of the calculations.

In the July 1, 2011 actuarial valuation, the unit credit actuarial cost method was used. The actuarial assumptions included a 4.5 percent investment rate of return (net of administrative expenses) which is the current expected long-term investment returns on plan assets. The UAAL is being amortized on a level dollar approach and closed basis over 30 years as allowed under GASB Statement No. 45. The remaining amortization period will end on June 30, 2037.

INDEPENDENT AUDITORS' REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
California State University,
Dominguez Hills Foundation (the Foundation)
(A California Non-Profit Corporation)
Carson, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of California State University, Dominguez Hills Foundation (A California Non-Profit Corporation), which comprise the statement of net position as of June 30, 2014, and the related revenues, expenses, and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 16, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered California State University, Dominguez Hills Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of California State University, Dominguez Hills Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether California State University, Dominguez Hills Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT
ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH OMB CIRCULAR A-133**

To the Board of Directors of
California State University,
Dominguez Hills Foundation (the Foundation)

Report on Compliance for Each Major Federal Program

We have audited California State University, Dominguez Hills Foundation's (the Foundation) (A California Non-Profit Corporation) compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of California State University, Dominguez Hills Foundation's major federal programs for the year ended June 30, 2014. California State University, Dominguez Hills Foundation's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of California State University, Dominguez Hills Foundation's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and *OMB Circular A-133* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about California State University, Dominguez Hills Foundation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of California State University, Dominguez Hills Foundation's compliance.

Opinion on Each Major Federal Program

In our opinion, California State University, Dominguez Hills Foundation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of California State University, Dominguez Hills Foundation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered California State University, Dominguez Hills Foundation's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with *OMB Circular A-133*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of California State University, Dominguez Hills Foundation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of *OMB Circular A-133*. Accordingly, this report is not suitable for any other purpose.

CALIFORNIA STATE UNIVERSITY, DOMINGUEZ HILLS FOUNDATION
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2014
(FEIN: 95-2543028)

1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of California State University, Dominguez Hills Foundation under programs of the federal government for the year ended June 30, 2014. The information in this schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the schedule presents only a selected portion of the operations of California State University, Dominguez Hills Foundation, it is not intended to and does not present the financial position, changes in net assets or cash flows of California State University, Dominguez Hills Foundation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-122, *Cost Principles for Non-profit Organizations*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.
